FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Archbishop or Administrator of the
Archdiocese of New Orleans and Board of Directors,
Second Harvest Food Bank of Greater New Orleans and Acadiana,
New Orleans, Louisiana.

Report on the Financial Statements

We have audited the accompanying financial statements of Second Harvest Food Bank of Greater New Orleans and Acadiana ("Second Harvest"), a non-profit organization, which comprise the statements of financial position as of June 30, 2020 and 2019 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Second Harvest as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards, Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary information in Schedule 1 is presented for the purposes of additional analysis and is not a required part of the financial statements. Schedule 2 is presented for purposes of additional analysis and is required by Louisiana Revised Statute 24:513(A)(3) and is not a required part of the financial statements. The information in Schedule 1 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on the supplemental information. The accompanying supplemental information is not intended to present Second Harvest's financial position and results of operations. The information in Schedule 2 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedule 2 is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2021, on our consideration of Second Harvest's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Second Harvest's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS**Second Harvest Food Bank of Greater New Orleans and Acadiana**

June 30, 2020 and 2019

Note 1 - NATURE OF ACTIVITIES

Second Harvest Food Bank of Greater New Orleans and Acadiana ("Second Harvest"), a Louisiana non-profit corporation, is a ministry of the Roman Catholic Church of the Archdiocese of New Orleans and is a certified member of Feeding America. Its mission is to lead the fight against hunger and build food security in South Louisiana by providing food access, advocacy, education and disaster response. Second Harvest provides distribution of food and related products to qualified charitable organizations. The Archbishop or Administrator of the Archdiocese of New Orleans (the "Archdiocese") is the sole member of Second Harvest.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**a. Basis of Accounting**

The financial statements of Second Harvest are prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

c. Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, Second Harvest considers all unrestricted, highly liquid, short-term investments, including money market account deposits, commercial paper investments, and certificates of deposit purchased with an initial maturity of 90 days or less to be cash equivalents.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Allowance for Doubtful Accounts

Second Harvest uses the reserve method to recognize uncollectible accounts. The reserve is based on management's assessment of the collectability of specific accounts. Management monitors outstanding receivable balances and charges off to bad debt expense any balances that are determined to be uncollectible. There was no bad debt expense for the years ended June 30, 2020 and 2019. As of June 30, 2020 and 2019, there was no reserve for bad debt.

e. Investments

Second Harvest records investments in the investment pool with the Catholic Community Foundation of the Archdiocese of New Orleans (the "Foundation") at their fair values in the Statements of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statements of Activities. Unrealized gains and losses on investments are recorded as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or law. Interest earned on donor restricted investments is reported based on the existence or absence of donor-imposed restrictions. Realized gains and losses on the sales of securities are determined using the specific-identification method. A decline in the fair value of investments below cost that is deemed to be other than temporary, results in a charge to the change in net assets and the establishment of a new cost basis for the investment.

f. Inventory

Second Harvest's inventory is comprised of donated food and grocery products, U.S.D.A. commodities, and purchased food and grocery products. Donated food and U.S.D.A. commodities inventory, including food received, distributed and undistributed, is valued using the estimated fair value as determined by the Feeding America Product Valuation Survey prepared by KPMG, LLP on an annual basis. The report provides the average wholesale value of products donated to the network and is considered to be a reasonable basis upon which to estimate these amounts. The average wholesale value used was \$1.74 and \$1.62 per pound for assorted donations and \$1.49 and \$1.52 per pound for food only donations for the years ended June 30, 2020 and 2019, respectively.

Purchased food inventory is recorded at cost. As of June 30, 2020 and 2019, there was no obsolete inventory.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Derivative Instruments

Second Harvest has a derivative instrument that is used as a hedge to the variable interest rate loan issued by a financial institution (Note 15).

Second Harvest follows Topic 815, *Derivatives and Hedges*, which requires Second Harvest to recognize all of its derivative instruments as either assets or liabilities on the Statements of Financial Position at fair value. The accounting for the change in fair value of the derivative instrument is recognized as a component of change in net assets without donor restrictions in the Statements of Activities.

h. Property and Equipment

Second Harvest has adopted the policy of capitalizing all expenditures for depreciable assets where the unit cost exceeds \$10,000. Property is stated at cost or at fair market value on the date of donation for donated assets. Depreciation of these assets is provided over their estimated useful lives, which ranges from three years to 50 years, on a straight-line basis. Repairs and maintenance are charged to expense as incurred; major renewals and replacements and betterments are capitalized.

For the years ended June 30, 2020 and 2019, depreciation expense totaled \$531,386 and \$515,065, respectively.

i. Financial Statement Presentation

Net assets are classified based on the existence or absence of donor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Support, revenue, and expenses for general operations.

Net Assets With Donor Restrictions - Contributions specifically authorized by the grantor or donor to be used for a certain purpose or to benefit a specific accounting period or contributions subject to donor-imposed restrictions and that are to be held in perpetuity by Second Harvest.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Contributions and Revenue Recognition

Contributions are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence or nature of any donor restrictions. Support that is restricted by a donor is reported as an increase in net assets with donor restrictions. Other support and/or contributions not restricted are recorded as net assets without donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statements of Activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting periods are reported as support without donor restrictions. The value of contributed goods and services has been recorded as support and revenue and expense in the period received, provided there is an objective basis for measurement of the value of such goods and services, and they are significant and form an integral part of the efforts of the program.

Contributions receivable are recognized when the donor makes a promise to give to Second Harvest that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met. There were no conditional promises to give as of June 30, 2020 and 2019.

Contributions of donated non-cash assets are recorded at their fair values in the period received. Such donations are reported as support without donor restrictions unless the donor has restricted the donated assets to a specific purpose. There were no donated assets received for the years ended June 30, 2020 and 2019.

k. Functional Allocation of Expenses

Most of the expenses can be directly allocated to programs or supporting functions. The financial statements also report certain categories of expenses that are attributable to both programs and supporting functions. These expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries, employee benefits, and taxes which are allocated based on the number of employees by program or supporting function and mailings and solicitations which are allocated based on the portion attributable to each function.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l. Donated Services

Support arising from donated services is recognized if the services received (a) create or enhance long-lived assets, or (b) require specialized skills, are provided by individuals possessing these skills, and would typically need to be purchased if not provided by donation.

The donated volunteer services in Second Harvest's functional areas were 79,775 hours for the year ended June 30, 2020 and 53,838 hours for the year ended June 30, 2019. The services provided for the years ended June 30, 2020 and 2019 do not meet either criterion described above. The computation of the value of these services represents the amount of compensation, which would be paid if non-volunteer personnel were to occupy these positions. The 79,775 hours for the year ended June 30, 2020 and 53,838 hours for the year ended June 30, 2019 that do not meet either of the recognition criteria described above have not been recognized in the accompanying financial statements. The value for donated volunteer services for the years ended June 30, 2020 and 2019 was \$1,766,148 and \$1,191,973, respectively.

m. Income Taxes

Second Harvest operates as a non-profit corporation pursuant to section 501(c)(3) of the Internal Revenue Code. As such, Second Harvest is subject to income tax only on unrelated business taxable income.

Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosures of uncertain tax positions recognized in an entity's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. As of June 30, 2020, management of Second Harvest believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax years ended June 30, 2017 and later remain subject to examination by the taxing authorities.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. Recently Issued Accounting Standards

Contributions Received and Made

In June 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-08, "*Not-For-Profit Entities*" (Topic 958): "*Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*". ASU No. 2018-08 should assist entities in (1) evaluation whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, or as exchange (reciprocal) transactions subject to other guidance (2) determining whether a contribution is conditional. This new guidance is effective for fiscal years beginning after December 15, 2018. Second Harvest has adopted the provisions of ASU No. 2018-08 and has retrospectively applied this standard to the financial statements as of and for the year ended June 30, 2019.

Statement of Cash Flows

In November 2016, the FASB issued ASU No. 2016-18, "*Statement of Cash Flows*" (Topic 230). ASU No. 2016-18 requires that a statement of cash flows explain the change during the period in the total cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the Statement of Cash Flows. The amendments in ASU No. 2016-18 do not provide a definition of restricted cash or restricted cash equivalents. The ASU is effective for fiscal years beginning after December 15, 2018. Second Harvest has adopted the provisions of ASU No. 2016-18 and has applied this standard to the financial statements as of and for the year ended June 30, 2020.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. Recently Issued Accounting Standards (Continued)

Revenue from Contracts with Customers

In May 2014, the FASB issued ASU No. 2014-09, "*Revenue from Contracts with Customers*" (Topic 606), which provides a single comprehensive model for entities to use in accounting for revenue from contracts with customers and supersedes most current revenue recognition models. Subsequent to the issuance of ASU No. 2014-09, the FASB issued several additional ASUs which amended and clarified the guidance and deferred the effective date. The ASU is effective for annual reporting periods beginning after December 15, 2019, with certain early adoption provisions available. Second Harvest is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

Leases

In February 2016, the FASB issued ASU 2016-02, "*Leases*" (Topic 842). ASU No. 2016-02 requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the statement of financial position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the Statement of Activities and the Statement of Cash Flows will be substantially unchanged from the existing lease accounting guidance. The ASU is effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. Second Harvest is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

o. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through February 23, 2021, which is the date the financial statements were available to be issued.

Note 3 - GRANTS RECEIVABLE

The grants receivable balances as of June 30, 2020 and 2019 consist of the following:

	<u>2020</u>	<u>2019</u>
CARES/Emergency Food and Shelter Program	\$ 328,228	\$ -
U.S.D.A. distribution fees	300,479	179,990
Baptist Community Ministries	150,001	325,001
Other grants	126,880	107,883
Methodist Health System Foundation	80,000	160,000
Department of Education - Summer Food Service Program	68,730	102,453
Department of Children and Family Services	36,448	106,046
Feeding America and Starbucks	-	150,000
Joe W. and Dorothy Dorsett Brown Foundation	-	100,000
Emeril Lagasse Foundation	-	25,000
	<u> </u>	<u> </u>
Totals	<u>\$ 1,090,766</u>	<u>\$ 1,256,373</u>

Note 4 - PLEDGES RECEIVABLE

Promises of donors to make contributions to Second Harvest are included in the financial statements as pledges receivable and contributions after discounting projected future cash flows to present value using a discount rate of 5% as determined by management to be a market rate of interest.

Pledges receivable as of June 30, 2020 and 2019 consist of the following:

	<u>2020</u>	<u>2019</u>
In less than one year	\$ 1,376,303	\$ 1,323,160
One to five years	<u>3,111,834</u>	<u>4,346,916</u>
Totals	4,488,137	5,670,076
Unamortized discount	<u>(374,057)</u>	<u>(572,656)</u>
Net pledges receivable	<u>\$ 4,114,080</u>	<u>\$ 5,097,420</u>

Note 4 - PLEDGES RECEIVABLE (Continued)

Second Harvest started a capital campaign during the year ended June 30, 2019 to help fund renovations to the warehouse. The pledges receivable balance includes approximately \$4,340,000 and \$5,400,000 of capital campaign pledges before the unamortized discount as of June 30, 2020 and 2019, respectively.

Note 5 - INVESTMENTS

Investments of the various agencies of the Archdiocese are held in pooled assets and separately invested portfolios. Pooled assets represent funds that are invested in a commingled portfolio of investments, as opposed to separately invested assets. Investments in such pooled assets consist primarily of debt and equity securities and mutual fund investments. The amounts recorded in the Statements of Financial Position represent Second Harvest's share of the pool.

The following summarizes the market value of investments and the investment return as of and for the years ended June 30, 2020 and 2019:

	2020	2019
Investment balances	\$4,575,310	\$4,469,579
Unrealized gain (loss) on investments	\$ (81,400)	\$ 48,169
Realized loss on investments	(30,477)	(35,383)
	(111,877)	12,786
Interest and dividend income	217,608	129,126
Investment income	\$ 105,731	\$ 141,912

The current and long-term values of investments are \$3,346,147 and \$1,229,163, respectively, as of June 30, 2020, and \$3,194,195 and \$1,275,384, respectively, as of June 30, 2019.

Note 6 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value, establishes a framework for measuring fair value, and expands disclosure about fair value. Fair value concepts are applied in recording investments.

Note 6 - FAIR VALUE MEASUREMENTS (Continued)

FASB ASC 820 establishes a fair value hierarchy which prioritizes inputs to valuation techniques used to measure fair value. The term "inputs" refers broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be based on independent market data ("observable inputs") or they may be internally developed ("unobservable inputs"). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad categories. These levels include Level 1, unadjusted quoted prices in active markets for identical assets or liabilities; Level 2, directly or indirectly observable inputs other than quoted prices for the asset or liability, such as the quoted market prices for similar assets or liabilities; and Level 3, unobservable inputs for use when little or no market data exists, therefore, requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments of Second Harvest are held in pooled assets managed by the Foundation. The investments are valued on information provided by the Foundation. These investments are reported at net asset value (NAV) which approximates fair value and have no lockup provisions.

Investments measured at fair value using the NAV practical expedient have not been categorized in the fair value hierarchy and have no fixed redemption frequency, notice periods, or unfunded commitments as of June 30, 2020 and 2019.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Second Harvest believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2020 and 2019, there were no assets measured at fair value on a non-recurring basis.

Note 7 - INVENTORY

Undistributed food and grocery products as of June 30, 2020 and 2019 consist of the following:

	2020		2019	
	Dollars	Pounds	Dollars	Pounds
Donated and purchased	\$4,538,691	2,921,053	\$3,267,056	2,081,695

Note 9 - PROPERTY AND EQUIPMENT

A summary of property and equipment as of June 30, 2020 and 2019 is as follows:

	2020	2019
Building and improvements	\$ 8,969,098	\$ 8,969,098
Land	1,960,000	1,960,000
Vehicles	2,455,608	2,269,162
Furniture, fixtures, and equipment	2,459,164	2,162,735
Construction in progress	594,603	155,590
Leasehold improvements	56,843	56,843
	16,495,316	15,573,428
Less: accumulated depreciation	(5,414,381)	(4,897,993)
Totals	\$ 11,080,935	\$ 10,675,435

Construction in progress consists of architect fees totaling \$510,281 related to the construction projects described in Notes 26 and 28, and \$84,322 to replace the freezer system.

Note 10 - CAPITAL LEASE OBLIGATIONS

Second Harvest has capital leasing arrangements for vehicles with varying imputed interest rates from approximately 4.5% to 5.8%. The leases require monthly payments, including interest, ranging from \$1,096 to \$2,025. The leases mature in months ranging from June 2023 through March 2026. The following is a schedule of capitalized costs and accumulated depreciation acquired through capital lease as of June 30, 2020 and 2019.

	2020	2019
Capitalized costs	\$713,782	\$713,782
Accumulated depreciation	(272,769)	(168,892)
Net book value	\$441,013	\$544,890

Depreciation expense on equipment acquired through the capital leases totaled \$103,877 and \$88,446 for the years ended June 30, 2020 and 2019, respectively.

Capitalized costs are included in the totals of vehicles in Note 9.

Interest expense on the capital lease obligations totaled \$27,510 and \$26,233 for the years ended June 30, 2020 and 2019, respectively.

Note 10 - CAPITAL LEASE OBLIGATIONS (Continued)

Future minimum payments under the capital lease obligations as of June 30, 2020 are as follows:

Year Ending June 30,	
2021	\$ 123,818
2022	123,818
2023	123,818
2024	108,566
2025	27,770
Thereafter	18,229
Total future payments	526,019
Less amount representing interest	(57,346)
Present value of net future payments	\$468,673

Note 11 - NOTE PAYABLE AND INTEREST RATE SWAP AGREEMENT

On January 21, 2011, Second Harvest entered into a mortgage loan agreement totaling \$5,100,000. The loan was payable in monthly principal and interest amounts of \$31,703 at an interest rate of 4.22% beginning March 2011 through January 2016 with all remaining principal and interest due February 2016. On February 5, 2014, Second Harvest refinanced the mortgage loan balance of \$4,589,528. The loan is payable in monthly principal amounts of \$19,123 plus interest at a variable rate of interest (1.673% and 2.440% as of June 30, 2020 and 2019, respectively) based on USD-LIBOR BBA plus a base rate of 1.50% (3.173% and 3.940% as of June 30, 2020 and 2019, respectively) beginning March 2014 through February 2021 with all remaining principal and interest due February 2021. The loan is collateralized with land, building, and improvements. The loan balance as of June 30, 2020 and 2019 was \$3,136,178 and \$3,365,654, respectively.

In conjunction with this note, Second Harvest entered into an interest rate swap agreement with the financial institution whereby the current notional amount (\$3,136,178 as of June 30, 2020) bears interest at a fixed rate of 2.25% minus a variable interest rate based on the USD-LIBOR BBA (1.673% and 2.440% as of June 30, 2020 and 2019, respectively). The swap agreement is designed to hedge the risk of changes in interest rate payments on the refinanced mortgage loan.

Note 11 - NOTE PAYABLE AND INTEREST RATE SWAP AGREEMENT (Continued)

Second Harvest has recognized an unfavorable position with the counterparty in the amount of \$38,461 and \$27,383 as a derivative liability on the Statements of Financial Position as of June 30, 2020 and 2019, respectively, and recorded an unrealized loss of \$11,078 and \$60,304 on the Statements of Activities for the years ended June 30, 2020 and 2019, respectively.

Future principal and interest payments to be made on the note and swap agreement are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2021	<u>\$3,136,178</u>	<u>\$76,731</u>	<u>\$3,212,909</u>

Interest expense on the notes payable and swap agreement for the years ended June 30, 2020 and 2019 was \$129,003 and \$146,320, respectively.

The mortgage agreement contains certain covenants, including the maintenance of certain financial ratios. As of June 30, 2020 and 2019, management of Second Harvest was not aware of any violations of the covenants.

Note 12 - PAYCHECK PROTECTION PROGRAM NOTE PAYABLE

On April 28, 2020, Second Harvest received a \$941,800 loan from a local bank under the Paycheck Protection Program (PPP) established by the Coronavirus Aid, Relief, and Economic Security (CARES) Act and implemented by the U.S. Small Business Administration (SBA). Interest on the loan is 1%. Management expects that all expenditures paid from the loan proceeds will be approved as eligible for loan forgiveness under the requirements of the PPP and that the loan will be repaid by the SBA. Any amounts not forgiven would be repaid by Second Harvest over the two year term of the loan. In the event that none of the loan is forgiven, estimated annual principal payments will be \$414,205 and \$527,595 for the years ended 2021 and 2022, respectively.

Note 13 - DUE TO ARCHDIOCESE OF NEW ORLEANS

During the year ended June 30, 2018, Second Harvest borrowed \$500,000 from the Archdiocese of New Orleans. The loan had no stipulated repayment terms and bore interest at a variable rate. The loan bore interest at a rate of 4.6% as of June 30, 2020 and 2019. The loan had a balance of \$114 as of June 30, 2019. The loan balance was paid in full as of June 30, 2020.

Note 14 - DESIGNATION OF NET ASSETS WITHOUT DONOR RESTRICTIONS

On March 6, 2013, the Board of Directors passed a resolution which approved the adoption of the Operating Reserve Policy. The Operating Reserve Policy of Second Harvest is designed to ensure the stability of Second Harvest's mission and ongoing operations. The Operating Reserve is intended to provide a source of funds for situations such as extraordinary expenses that arise, reserve variability, unanticipated losses of funding, or other unexpected financial events. The Operating Reserve is not intended to replace a permanent loss of funds or eliminate an ongoing budget deficit. Second Harvest's Operating Reserve will be supported by investments in the form of cash deposits or publicly traded investments to be available based on Finance Committee recommendations and Board of Directors' approvals. As of June 30, 2020 and 2019, the Operating Reserve requirements were \$2,331,692 and \$2,229,008, respectively.

Note 15 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted for the following purposes.

	<u>2020</u>	<u>2019</u>

Note 16 - ENDOWMENT

The Board of Directors (the "Board") of Second Harvest is of the belief that they have a strong fiduciary duty to manage the assets of Second Harvest's endowment in the most prudent manner possible. The Board recognizes that the intent of the endowment is to protect the donor with respect to expenditures from endowments. If this intent is clearly expressed by the donor, whether the intent is in a written gift instrument or not, the intent of the donor is followed. Earnings, including appreciation, that are not required by the donor to be reinvested in corpus are maintained in net assets without donor restrictions.

The Endowments. Second Harvest's endowment fund consists of a restricted fund established for the purpose of generating income to support general operations. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Note 16 - ENDOWMENT (Continued)

During the year ended June 30, 2000, the donor amended the "Agreement to Donate" dated August 26, 1997, which revised the method of distributing the earnings to Second Harvest, whereby 5% of the average market value of the investment for the last twelve fiscal quarters is allowed to be distributed annually to Second Harvest. All amounts in excess of the 5% distribution are to be reinvested as corpus. The amended "Agreement to Donate" also required that the principal balance should not be reduced below \$1,000,000.

Interpretation of Relevant Law. Second Harvest is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and, thus, classifies amounts in its donor-restricted endowment fund as net assets with donor restrictions because those net assets cannot be spent, except as distributed according to the preceding paragraph. Second Harvest has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to the endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, Second Harvest considers a fund to be underwater if the fair value of the fund is less than the sum of:

- the original value of initial and subsequent gift amounts donated to the fund, and
- accumulations to the permanent endowment, made in accordance with donor's amended "Agreement to Donate".

The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions is classified as net assets without donor restrictions in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, Second Harvest considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of Second Harvest and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of Second Harvest
- The investment policies of Second Harvest

Note 16 - ENDOWMENT (Continued)

The composition of endowment net assets with donor restrictions as of June 30, 2020 and 2019 is as follows:

	2020	2019
Original donor-restricted gift amount required to be maintained in perpetuity by donor	\$ 1,000,000	\$ 1,000,000
Accumulated investment gains	229,163	275,384
With donor restrictions	\$ 1,229,163	\$ 1,275,384

Changes in endowment net assets for the years ended June 30, 2020 and 2019 are as follows:

Note 16 - ENDOWMENT (Continued)

Underwater Endowment Funds. From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that either the donor or SPMIFA requires Second Harvest to retain as a fund of perpetual duration. These deficiencies can result from unfavorable market fluctuations that occur after the investment of contributions with perpetual duration. There were no such deficiencies in endowment net assets with donor restrictions as of June 30, 2020 and 2019.

Return Objectives and Risk Parameters. Second Harvest follows the investment and spending policies of the Archdiocese through the Foundation as mandated by the "Agreement to Donate" for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term.

Strategies Employed for Achieving Objectives. The endowment's assets are invested in the Archdiocese of New Orleans' investment pool, as previously described. Second Harvest's spending and investment policies work together to achieve this objective.

Spending Policy and How Investment Objectives Relate to the Spending Policy. Spending is approved by the Board, based on the needs of Second Harvest.

Note 17 - AVAILABILITY OF FINANCIAL ASSETS

Second Harvest is substantially supported by contributions and grants on an unrestricted and restricted basis. Because a donor's restriction requires resources to be used in a particular manner or in a future period, Second Harvest must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of Second Harvest's liquidity management, management established a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due. Management established guidelines for making decisions related to managing short-term cash reserves and other investments in a prudent manner.

Second Harvest's Board of Directors also designates a portion of any operating surplus for a particular purpose. The Board of Directors designated reserves can be changed and made available for immediate use in the event of an urgent liquidity need.

The following reflects Second Harvest's financial assets as of June 30, 2020, reduced by amounts not available for general use because of donor-imposed restrictions.

- (1) According to Feeding America, members shall demonstrate cash reserves without restrictions equal to or greater than an average quarter's cash operating expenses (based on the previous fiscal year audited financial statements excluding donated product, government purchased food and pass-through funds). Management believes this requirement is met.

Note 18 - RETIREMENT PLAN

Second Harvest offers a 401(k) retirement plan for its employees. Employees electing to participate in the plan are required to contribute a minimum of 3% of their salaries, and may elect to contribute up to a 75% maximum, effective July 1, 2017. The plan requires Second Harvest to contribute 3.5% of the participants' salaries. The retirement plan expense also includes an additional 2% contribution by Second Harvest to cover administrative costs and employee benefit costs including life insurance, disability insurance, and other benefits. Any remaining funds from the additional 2% contribution may be used as a discretionary employer contribution to the plan.

The plan administrator is the Archdiocese. The plan trustee is Voya. Second Harvest contributed \$215,148 (retirement \$137,421, benefits \$77,727) and \$197,610 (retirement \$125,724, benefits \$71,886), for the years ended June 30, 2020 and 2019, respectively.

Note 19 - LEASES

Second Harvest as Lessee

Second Harvest leases warehouse and office space in Lafayette under an operating lease. The current lease agreement is for the period January 1, 2018 through December 31, 2022. Monthly payments on the lease are \$8,349. Second Harvest also leases three trucks under operating leases. The current lease agreements are for the period July 1, 2014 through June 30, 2024. Monthly payments on the leases are \$5,206.

Rent expense for the years ended June 30, 2020 and 2019 was \$179,624 and \$183,578, respectively.

As of June 30, 2020, minimum future obligations under operating leases having an initial lease term of one year or more are as follows:

<u>Year Ending June 30,</u>	<u>Amounts</u>
2021	\$187,313
2022	163,884
2023	110,293
2024	<u>28,256</u>
Total	<u>\$489,746</u>

Note 19 - LEASES (Continued)

Second Harvest as Lessor

Second Harvest leased approximately 22,400 square feet of warehouse space for the period April 1, 2018 through April 30, 2021. Monthly lease payments begin at \$8,213 and escalate annually to \$8,661 in the last year of this lease.

Second Harvest leased approximately 8,000 square feet of warehouse space for the period October 1, 2018 through September 30, 2019. Monthly lease payments were \$1,450 under this lease. Second Harvest renewed the lease agreement of the warehouse space for the period October 1, 2019 through September 30, 2020. Monthly lease payments were \$1,494 under this lease.

Rental income was \$121,047 and \$128,710 for the years ended June 30, 2020 and 2019, respectively.

As of June 30, 2020, future rentals to be received under operating leases having an initial lease term of one year or more are as follows:

<u>Year Ending</u> <u>June 30,</u>	<u>Amount</u>
2021	<u>\$91,094</u>

Note 20 - SIGNIFICANT CONTRACTS AND GRANTS

For the years ended June 30, 2020 and 2019, \$32,738,572 and \$22,709,193, respectively, (which includes \$520,159 and \$697,873, respectively, of revenue included in non-Federal fees and grants on the Statements of Activities) of Second Harvest's governmental financial assistance was from the U.S. Department of Agriculture. Management believes that Second Harvest is in compliance with the provisions of these contracts and grants and that the findings of an audit, if any, would not have a material impact on the financial statements.

Note 21 - RISK MANAGEMENT

Second Harvest is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. There were no settled claims that exceeded this commercial coverage during the years ended June 30, 2020 and 2019.

Note 22 - CONCENTRATIONS OF CREDIT RISK

Second Harvest maintains deposits with local financial institutions. Accounts at these institutions are insured by the U.S. Federal Deposit Insurance Corporation up to \$250,000 per account. The balances at times may exceed federally insured limits. As of June 30, 2020, uninsured cash and cash equivalent balances were approximately \$15,480,000.

Note 23 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, currency, credit, and market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risk in the near term would materially affect the fair market value of investments held by Second Harvest.

Note 24 - BOARD OF DIRECTORS COMPENSATION

The members of Second Harvest's Board were not compensated during the years ended June 30, 2020 and 2019.

Note 25 - RELATED PARTY TRANSACTIONS

The Archdiocese, through the operations of the Administrative Offices, serves as a conduit in providing insurance coverage to Second Harvest. The Administrative Office assesses premiums to Second Harvest based on relevant factors for each type of coverage. In the normal course of operations, the Archdiocese may make available to Second Harvest other specific assistance. Second Harvest is assessed separately for this assistance.

Second Harvest paid the Archdiocese \$331,705 and \$276,074 for general liability, property coverage, workmen's compensation, and vehicle insurances for the years ended June 30, 2020 and 2019, respectively.

Note 26 - COMMITMENTS ON CONSTRUCTION CONTRACTS

On June 9, 2020, Second Harvest entered into a contract for roof replacement and HVAC installation totaling approximately \$2,330,000. As of June 30, 2020, Second Harvest has not incurred any construction costs related to this contract. Construction on this project is scheduled to begin in fiscal year 2021.

Note 27 - CORONAVIRUS

The recent global outbreak of the Coronavirus (COVID-19) has raised concerns regarding operations and the financial markets have recently experienced significant volatility. While Second Harvest's operations have been impacted, the long term impact on Second Harvest's operations and its investments is uncertain at this time.

Note 28 - SUBSEQUENT EVENTS

On July 1, 2020, Second Harvest secured a \$2,000,000 line of credit with the Archdiocese. The line of credit has no stipulated repayment terms and bears an interest rate of 4.6%. The line of credit will mature on June 30, 2025.

On December 14, 2020 a \$25 million gift was pledged by the Northern Trust Charitable Giving Program from a donor advised account held by The Chicago Community Foundation. This gift is to directly fund the food bank's long-term strategic goals across its 23 parish service area and to ensure sustainability to serve South Louisiana into the future. The total pledged amount was collected on December 23, 2020.

On December 22, 2020, Second Harvest entered into a contract for the construction of a new building totaling approximately \$6,938,000.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Archbishop or Administrator of the
Archdiocese of New Orleans and Board of Directors,
Second Harvest Food Bank of Greater New Orleans and Acadiana,
New Orleans, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Second Harvest Food Bank of Greater New Orleans and Acadiana (a nonprofit organization) ("Second Harvest"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 23, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Second Harvest's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Second Harvest's internal control. Accordingly, we do not express an opinion on the effectiveness of Second Harvest's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, as described in the accompanying Schedule of Findings and Questioned Costs (Section II, 2020-001) that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Second Harvest's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Second Harvest's Response to Findings

Second Harvest's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Second Harvest's response was not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Second Harvest's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Second Harvest's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED
BY THE UNIFORM GUIDANCE

To the Archbishop or Administrator of the
Archdiocese of New Orleans and Board of Directors,
Second Harvest Food Bank of Greater New Orleans and Acadiana,
New Orleans, Louisiana.

Report on Compliance for Each Major Federal Program

We have audited Second Harvest Food Bank of Greater New Orleans and Acadiana's ("Second Harvest") (a nonprofit organization) compliance with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of Second Harvest's major federal programs for the year ended June 30, 2020. Second Harvest's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Second Harvest's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred.

An audit includes examining, on a test basis, evidence about Second Harvest's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinions on compliance for each major federal program. However, our audit does not provide a legal determination of Second Harvest's compliance.

Opinion on Each Major Federal Program

In our opinion, Second Harvest complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Second Harvest is responsible for establishing and maintaining effective internal control over compliance with requirements referred to above. In planning and performing our audit, we considered Second Harvest's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstance for the purpose of expressing our opinion on compliance for each major program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Second Harvest's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
